

Chlorophilia 2

DESIGN:

Ross Lovegrove

MATERIAL:

Methacrylate, technopolymer, aluminium

BESCHREIBUNG:

Chlorophilia, presented in 2015, define an optical and compositive principle which could be repeated multiplying the elements to create compositions, which develop in space on multiple levels or widen in lenght. Chlorophilia 2 doubles the transparent surface on two levels supporting even more the scenic presence of this suspension. Chlorophilia is a new project by Ross Lovegrove, who highlights once again the skill of Artemide in the light engine of the lighting body through his signature approach to organic and fluid forms. It is a highly scenic, yet light suspension appliance that, when switched on, unveils a contrast of delicate shades interacting with space and completing it. Its body contains a LED COB that works as a heatsink, as well as light phytomorphic elements made of moulded technopolymer, which combine the gently wavy texture with an uneven section that works as an optical lens. The suspended central body emits indirect light, which is filtered and refracted by three clear surfaces, whose natural shape recalls natural elements, leaves. These three elements are arranged in a sunburst display and partly overlapped to multiply the shadow contrast, thus generating a scenic effect on the ceiling, however combined with appropriate ambient lighting. Chlorophilia defines an optical and building principle, which can be reproduced by multiplying its elements to create compositions that develop on multiple levels in space or whose width is expanded. "An installation of optical leaves conceived as a fusion of natural and artificial geometries. The light becomes interactive through caustic projection onto the ceiling creating a delicate and feminine ethereal space expanding effect." Ross Lovegrove

AUSWAHL

Chrome

ARTIKELNUMMER

1628110A

Lichtverteilung

IP20

Dimmable

TECHNISCHES DATENBLATT

FUNKTIONEN

Produktname: Chlorophilia 2
 Artikelnummer: 1628110A
 Farbe: Chrome
 Material: Methacrylate, technopolymer, aluminium
 Serie: Design
 Anwendungsbereich: Innenbeleuchtung

OPTIK

Lichtverteilung: Indirect

DIMENSION

Höhe: cm 50
 Breite: cm 78
 Durchmesser Fuß: cm 25
 Max Höhe von der Decke: cm 150

INKLUSIVE LEUCHTMITTEL

Kategorie: LED COB
 Anzahl: 1
 Watt: 37W
 Farbtemperatur(K): 3000K
 Baureihe: A

LUMINAIR

Watt: 44W

DIMENSION

FARBE

Lichtstrom(lm):	3146lm
CCT:	3000K
Efficiency:	81%
Efficacy:	71.50lm/W
CRI:	90
Dimmable Typology:	Push
