E 27 tungsten light bulb, with warm light, blown glass ampoule and visible filament shaped like an old carbon lamp. Standard overall height 250 cm (steel cable). Only for indoor use.

**HENGE**

## TECHNICAL DATA

---

Cm 36x4,5Ø

## CARE AND MAINTENANCE OF METALS

---

Avoid leaving household liquids (oil, red wine, vinegar, etc.) on the surface. In particular, products that contain citric acid (present for example in fruit, citrus fruit and tomatoes) act on contact with the treated surface, removing its original sheen. Always clean stains while they are still fresh. For routine maintenance use a microfiber cloth and water. Do not use products containing acids, limescale removing substances or alcohol.
